(Mounjaro®, Zepbound®, Ozempic®, Wegovy®, Semaglutide, Tirzepatide, etc.)

Whether you are on these medications for Type 2 Diabetes management, weight loss, or thinking about using these medications, having support can be the difference in success versus quitting. Join us to share your experience with GLP-1 medications, or just listen. We'll talk side-effects, favorite protein snacks, share recipe ideas, or whatever attendees want to discuss. No medical advice will be given, just people sharing. If you have questions about this meetup, contact Stacie at [sdavis@wfplibrary.org](mailto:sdavis@wfplibrary.org) or text 225-635-3364. Please register through our event calendar at <https://westfeliciano-la.whofi.com/>
