

WEST FELICIANA PARISH LIBRARY

Connecting Our Community

Coming in September

Thinking Money for Kids, a traveling exhibition created by the American Library Association (ALA) in partnership with the FINRA Investor Education Foundation, is coming to the West Feliciana Parish Library on September 6th through October 18th.

Thinking Money for Kids is a new multimedia experience for children ages 7 to 11, as well as their parents, caregivers and educators. The interactive exhibit uses games, activities and a fun storyline to help children understand what money is, its function in society, money choices, and money values, such as fairness, responsibility and charitableness.

Our library was chosen to host the exhibition through a competitive application process; we are one of just 50 sites nationwide that will host the exhibit. In conjunction with the exhibit we will have programming for all ages and highlight resources on finance for all ages.
